Paulist Mission Attracting Many At Sacred Heart

The Paulist mission being conducted at the Church of the Sacred Heart is attracting the attention of many from all parts of the city. Monday evening the congregation was even larger than P. Miles will deliver the principal ora on Sunday. Father Miller opened the services with the recttation of the rosary, after which he answered a numer of questions that had been placed in the box provided for that purpose. This is undoubtedly one of the most interesting features of the mission.

The sermon on "Abuse of Freedom"
was preached by Father Allard. For
almost an hour he held the rapt attention of his large audience, delivering a sermon that was declared one
of the best ever preached by the brilliant Paulist orator.
The discourse of the present the services of the present of the pr

of the best ever preached by the brillant Paulist orator.

The discouse at the masses Tuesday morning was on the subject of confession. The missionaries explained that the Lord and Savior, Jesus Christ, established the sacrament of penance for the forgiveness of sins committed after baptism. In the 20th chapter of the gospel according to St. John, it is recorded that Christ said to His apostles: "As, the Father hath sent. me. I also send you. . . Receive ye the Holy Ghost: Whose sins you shall forgive, they are forgiven them; and whose sins you shall forgive, they are forgiven them; and whose sins you shall retain, they are retained."

Thus did Christ, the Son of God, give the power to His apostles to remit and retain sin by His authority and in His name, a power not to be exercised by the apostles during their lifetime alone but to be continued in His church until the end of time. Since it is a two-fold power it must be exercised by a judicial set. To know whether to remit or retain, a judgment must be made. The judgment must be based on the evidence submitted. This evidence can be presented only by the one seeking pardon, hence the practical need of the confession, the detailed statement of the sins to the priest.

Then the missionaries described in detail the method of presenting the subject matter of confession and the blessings of peace of mind and consolation of soul to be derived from a worthy reception of the great sacrament of reconciliation and spiritual strength.

The services Tuesday night will begin at 7:45. One of the most important sermons of the mission will be preached, the subject being "The Great Transition."

For the Thin and Bloodless!

The thin and bloodless, with pale cheeks, white lips and frail angular physique, of this community have been much interested in the reports of physicians and others concerning the effectiveness of the treatment for increasing the red and white corpuscies of the blood, thus adding color and weight with its accompanying vigor to the depleted system. A gain of from 10 to 30 pounds is not at all unusual where the treatment is regularly used for several months, while the color improves almost from the beginning. Most good apothecaries supply it in the form of three-grain hypo-nuclane tablets, put up in sealed packets with directions for home use. Its action aids assimilation and absorption of the food eaten very promptly. eaten very promptly.

Sure, Harmless Way to Remove Hair Roots New, Wonderful, Quick Method

You who are annoyed with embarras-sing growths of superfluous hair have waited long for something that would do more than merely take off the sur-face hair temporarily—something that would really remove the rair roots. And would really remove the rair rucis. And now—at last—your wish is realized:
The new phelactine process is far different from, far better than electrical, depliatory or other methods, because it actually removes the hair entire, roots and all—before your very eyes—easily, quickly, harmlessiy! Get a stick of phelactine from your druggist, follow the simple directions, and you will be surprised and pleased beyond words. It has no odor, no irritating element, and is so non-injurious a child could safely eat it. It leaves the skin so soft, smooth, hairless, that not the least sign of your former trouble remains.

WHY SOCIETY WOMEN WASH THEIR OWN HAIR

They do, not because it is a fad, bu because they wish to obtain the greatest possible hair beauty and be sure they are not using anything harmful They have found that in washing the hair it is never wise to use a makeshift, but is always advisable to use preparation made for shampooing only Many of our friends way they get the best results from a simple home-made canthrox mixture. You can use this a getting some canthrox from your drugglst and dissolving a teaspoonful in a cup of hot water. This makes enough shampeo liquid to apply to all the hair instead of just the top of the head, as with most preparations. Dandruff, excess oil and dist are dissolved and entirely disappear in the rinsing water. Your hair will be so fluffy that it will look much heavier than it is. Its luster

Cocoanut Oil Makes A Splendid Shampoo

and softness will also delight you.

If you want to keep your hair in good condition, be careful what you wash

with. Most soaps and prepared shamped contain too much alkall. This dries the scalp, makes the hair brittle, and is very harmful. Mulsified coccanut oil shampoo (which is pure and entirely greaseless), is much better than any thing else you can use for shampooing as this can't possibly injure the hair

and rub it in. One or two teaspoon fuls will make an abundance of rich ereamy lather, and cleanses the hair

and scalp thoroughly. The lather rinses out easily and removes every particle out easily and removes every particle of dust, dirt, dundruff and excessive oil. The hair dries quicked and evenly, and it leaves it fine and sliky, bright, fluffy and easy to manage. You can get Mulsified cocoanut oil shampoo at most any drug store. It is try cheap, and a few ounces is enough to last everyone in the family for moths.
